

ARTICLE 2012

1. Respiratory
Consequences of Chemical
Warfare Agents . (abstract)

Dr. Mahdi Balali Mood

2. Recent
Advances in the Treatment of
(abstract) Organophosphorous Poisonings.

3. The
effects of maternal diabetes on expression
of insulin-like growth factor-1 and insulin receptors
(abstract) in male developing rat Hippocampus. (

4. Delayed Neurological Complications of Sulphur
Mustard and Tabun Poisoning in 43 Iranian
Veterans. (abstract)

1. Comparison
of Intralesional Two Percent Zinc
ucantime Injection in Treatment of Sulfate and GI
ishmaniasis. (abstract)

Dr. Gholamreza Karimi

2. Determination
of heavy metals in different
(abstract) honey brands from Iranian market.

3. Determination
of parathion, aldicarb and
thiobencarb in tap water and bottled mineral water
(abstract) in Mashhad , Iran.
